Career Readiness Certificate (01/01/2016-08/31/2017)

Virginia's Career Readiness Certificate (CRC) assists employers by certifying that a recipient possesses core skills in applied math, reading for information, and locating information. The CRC certification is based on established Workeys® assessment tests. Virginia uses a three-tiered approach (bronze, silver, gold) to credentialing certificate holders that is based on the recipient's level of development skills.

Government and Taxes

Government

Dinwiddie County has a County Administrator and a five-member Board of Supervisors.

The county has a comprehensive plan and zoning and subdivision ordinances.

Dinwiddie is the county seat. McKenney is the only incorporated town within the county.

Due to military realignment from other parts of the nation, Fort Lee has become the Army's Sustainment Center of Excellence. With a daily population exceeding 45,000 and almost 70,000 troops to take classes here each year, Fort Lee has become the third largest training site in the Army. It's presence in the region is a source of economic strength to the labor force, businesses and residents of the region.

Taxes

Localities in Virginia collect a 1% sales tax. They do not tax other items taxed at the State level.

Counties and cities in Virginia are separate taxing entities. Therefore, a company pays taxes to either a county or to a city.

If a company is located in a town, it pays town and county taxes except for utility taxes which are paid only to the town and the license tax which is paid only to the town unless town law permits the additional collection of a county tax.

Manufacturers pay real estate, machinery and tools, truck and automobile, utility, and sales taxes.

Nonmanufacturers pay real estate, tangible personal property, truck and automobile, utility, and sales taxes. They also may pay either a merchants' capital or a license tax.

Community Facilities

Southside Regional Medical Center in Petersburg is easily accessible to Dinwiddie County residents. This 468-bed acute care facility offers extensive medical facilities and services that include emergency, intensive and coronary care; diagnostic capabilities; and a school of nursing. County residents are also in close proximity to numerous medical facilities and services available throughout the Richmond metropolitan area. Richmond is home to the Virginia Commonwealth University Medical Center. This internationally renowned medical center is a teaching and research hospital that offers the latest technology, services and facilities.

Four physicians and three dentists maintain practices in Dinwiddie County.

County residents utilize the Appomattox Regional Library System. This multi-jurisdictional library system circulates over 119,000 volumes. Branches of this library are located in the towns of McKenney and Dinwiddie. A bookmobile service is also provided to county residents.

Library facilities at the numerous colleges and universities located in the Richmond-Petersburg metropolitan area are also open to the public.

Residents have access to over 70 places of worship throughout Dinwiddie County and Petersburg. These places of worship represent the various Protestant denominations and the Roman Catholic and Jewish faiths.

The Metropolitan Statistical Area (MSA) is home to many historical sites including the Petersburg National Battlefield, a key Civil War landmark.

Community Facilities

(continued)

Over 75 stores dispersed throughout Dinwiddie County provide residents with their general retail and service needs. As part of the Richmond and Petersburg metropolitan area, county residents enjoy easy access to numerous regional malls and shopping centers.

Cultural attractions can be found throughout the region including the Virginia Museum for Fine Arts.

Lifestyle

A broad mix of recreational and cultural activities are available to Dinwiddie County residents. Lake Chesdin, a man-made lake fed by the Appomattox River, offers swimming and boating opportunities. Camping, picnicking and hiking is available at Pocahontas State Park in nearby Chesterfield County. The Fort Pickett area is a cooperative wildlife management area open to hunters in season. Hunting is plentiful throughout the county for small game, wild turkey, quail and deer. The numerous creeks, rivers and lakes in the area offer ample opportunity for fishing, boating and swimming.

There are 10 ball fields, 10 tennis courts, three marinas, and a public boat ramp in Dinwiddie County.

Golfing, tennis, swimming and other club activities can be found at Petersburg Country Club and Lee Park Country Club.

With its close proximity to Richmond and Petersburg, county residents can also take advantage of the many museums, historical sites, cultural events and sporting events that the metropolitan area has to offer. The Pamplin Park Civil War Site is a private foundation supporting the display of Civil War sites, and the National Park Service has a facility located at the Battle of Five Forks.

Lake Chesdin, located along the northern boundary of Dinwiddie county, offers numerous recreational opportunities.

I. Introduction

This report provides a community profile of Dinwiddie County. It is intended to complement the information found in our Virginia Workforce Connection application, which can be accessed online at:

www.VirginiaLMI.com

The report is divided into three major sections. The first contains a profile of regional demographic characteristics and trends, the second supplies similar information for the regional economy, and the third provides a profile of regional education characteristics.

II. Demographic Profile

Overview

This Demographic Profile provides an in-depth analysis of the population in Dinwiddie County. Most of the data is produced by the U.S. Census Bureau, and includes demographic characteristics such as age, race/ethnicity, and gender.

Related Terms and Definitions

Ability to speak English

For people who speak a language other than English at home, the response represents the person's own perception of his or her ability to speak English. Because census questionnaires are usually completed by one household member, the responses may represent the perception of another household member.

Age

The age classification is based on the age of the person in complete years as of April 1, 2010. The age of the person usually was derived from their date of birth information. Their reported age was used only when date of birth information was unavailable.

Gender

The data on gender were derived from answers to a question that was asked of all people. Individuals were asked to mark either "male" or "female" to indicate their gender. For most cases in which gender was not reported, it was determined by the appropriate entry from the person's given (i.e., first) name and household relationship. Otherwise, gender was imputed according to the relationship to the householder and the age of the person.

Race

The concept of race as used by the Census Bureau reflects self-identification by people according to the race or races with which they most closely identify. The categories are sociopolitical constructs and should not be interpreted as being scientific or anthropological in nature. Furthermore, the race categories include both racial and national-origin groups.

Please note: In the past, our population by race/ethnicity data has always excluded the Hispanic ethnicity from each race category. Starting in January 2013, each race category now includes all ethnicities.

III. Economic Profile

Overview

The Economic Profile of Dinwiddie County consists primarily of data produced by the Virginia Employment Commission, U.S. Census Bureau, and the Bureau of Labor Statistics.

Related Terms and Definitions

Average Weekly Wage

Computed as average quarterly wages divided by 13.

Consumer Price Index (CPI)

The Consumer Price Index measures the average change over time in the prices paid by urban consumers for a representative market basket of consumer goods and services.

Local Employment Dynamics (LED)

The Local Employment Dynamics Program at the Census Bureau, together with its state partners, provides employment information at the county, city, and Workforce Investment Area level. This information tracks workers in different industries by age and gender and provides statistics on job creation, separation, turnover, and wages.

Quarterly Census of Employment & Wages (QCEW)

A federal/state cooperative program that collects and compiles employment and wage data for workers covered by state unemployment insurance (UI) laws and the federal civilian workers covered by Unemployment Compensation for Federal Employees (UCFE). These data are maintained at the state in micro and macro levels and also sent to BLS quarterly.

Unemployment Insurance (UI)

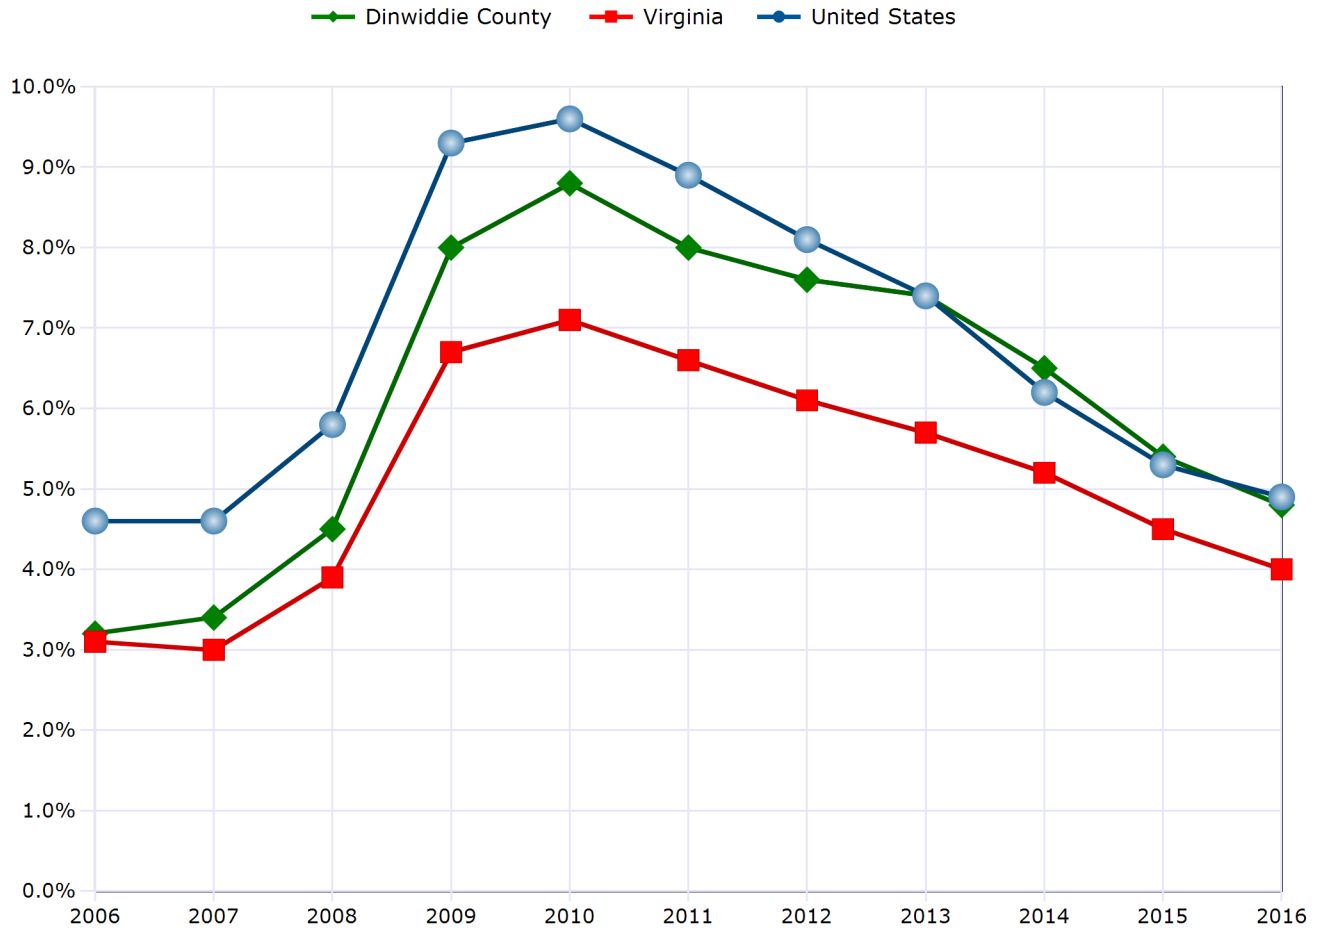

Unemployment insurance is a program for the accumulation of funds paid by employers to be used for the payment of unemployment insurance to workers during periods of unemployment which are beyond the workers' control. Unemployment insurance replaces a part of the worker's wage loss if he becomes eligible for payments.

Unemployment Rate

The number of unemployed people as a percentage of the labor force.
