# Government and Taxes

---

## Government

Sussex County has a County Administrator and a six-member Board of Supervisors.

The county has a comprehensive plan and zoning and subdivision ordinances.

Sussex is the county seat. Wakefield, Waverly, Jarratt, and Stony Creek are the incorporated towns within the county.

## Taxes

Localities in Virginia collect a 1% sales tax. They do not tax other items taxed at the State level.

Counties and cities in Virginia are separate taxing entities. Therefore, a company pays taxes to either a county or to a city.

If a company is located in a town, it pays town and county taxes except for utility taxes which are paid only to the town and the license tax which is paid only to the town unless town law permits the additional collection of a county tax.

Manufacturers pay real estate, machinery and tools, truck and automobile, utility, and sales taxes.

Nonmanufacturers pay real estate, tangible personal property, truck and automobile, utility, and sales taxes. They also may pay either a merchants' capital or a license tax.

State, regional and local parks offer fishing, hunting, hiking, biking, ball fields, playgrounds and water sports.

# Community Facilities

Sussex County residents utilize medical services available at several area hospitals. Southside Regional Medical Center, a 468-bed acute care facility located in Petersburg offers extensive medical services that include 24-hour emergency care, intensive and coronary care, diagnostic services, and a school of nursing. In Suffolk, the 243-bed Louise Obici Memorial Hospital provides a full range of services that include emergency care, surgery and outpatient care. Greenville Memorial Hospital in Emporia has 127 beds and offers emergency care and numerous in and outpatient services.

Waverly Health Care Center provides intermediate and long-term care for 120 patients. Stony Creek Community Health Center provides health care with two physicians and a total staff of eight. The Sussex County Health Department also offers a range of public health services.

Two rescue squads serve the County.

There are three physicians and three dentists who maintain practices in Sussex County.

Sussex County is a member of the Walter C. Rawls Regional Library. This library system circulates 120,754 volumes and provides a bookmobile service in the county. A branch of the library, located in the town of Waverly, houses a collection of 10,000 volumes. The Troxler Memorial Library is located in the town of Wakefield and houses a collection of 10,000 volumes. The library systems at area colleges and universities are also available to the public. These systems include libraries at The College of William and Mary with 1,598,035 volumes, Virginia State University with 768,818 volumes, and John Tyler Community College with 75,472 volumes.

Sussex County is served by the Mid-Atlantic Broadband Cooperative which will provide a cost-effective, carrier-class, high bandwidth telecom infrastructure to its resident businesses and industry.

# Community Facilities

---

**(continued)**

Sixty-three churches representing the predominant Protestant denominations and the Roman Catholic faith are located in Sussex County. Jewish synagogues can be found in Suffolk and Petersburg.

The immediate retail and service needs of county residents are met at over 180 businesses located throughout the county. These establishments represent a broad retail mix that includes grocery, hardware, specialty and professional service businesses. The downtown areas of Wakefield and Waverly serve as commercial centers for the county. A wide assortment of antique, clothing, gift and restaurant establishments can be found in these active central business districts. The county's close proximity to Williamsburg and the Norfolk and Richmond metropolitan areas enables residents to benefit from the numerous regional malls and shopping centers that are available in those areas.

This central location enables residents to easily access the numerous recreational, historic, cultural and entertainment attractions throughout Virginia.

# Lifestyle

---

The many fields, swamps and woodlands of the area offer numerous recreational opportunities for county residents. Rivers and ponds have been stocked with largemouth bass, crappie and bream. Boating and swimming are also enjoyed on the waterways of the county. Deer hunting is a popular activity. Several hunt clubs have been established in the community to support this endeavor. The Southeast 4-H Educational Center on Airfield Lake has an indoor recreational complex and offers swimming, boating and horseback riding facilities. Other public recreational facilities include four tennis courts and 19 athletic fields.

Cultural attractions in the county include the Miles C. Carpenter Folk Art Museum located in Waverly and the Wakefield Foundation Center For The Arts. The Arts Center offers a wide array of activities and attractions including art displays and courses, dance classes and concerts. The Arts Center also opens their facilities to civic group functions.

Sussex County is centrally located between Williamsburg, the Richmond-Petersburg metropolitan area and the Norfolk-Virginia Beach-Newport News metropolitan area. This central location enables county residents to easily access the numerous recreational, historical, cultural, educational and entertainment attractions these diverse areas have to offer. ## I. Introduction

This report provides a community profile of Sussex County. It is intended to complement the information found in our Virginia Workforce Connection application, which can be accessed online at:

[www.VirginiaLMI.com](http://www.VirginiaLMI.com)

The report is divided into three major sections. The first contains a profile of regional demographic characteristics and trends, the second supplies similar information for the regional economy, and the third provides a profile of regional education characteristics.

## II. Demographic Profile

### Overview

This Demographic Profile provides an in-depth analysis of the population in Sussex County. Most of the data is produced by the U.S. Census Bureau, and includes demographic characteristics such as age, race/ethnicity, and gender.

### Related Terms and Definitions

#### Ability to speak English

For people who speak a language other than English at home, the response represents the person's own perception of his or her ability to speak English. Because census questionnaires are usually completed by one household member, the responses may represent the perception of another household member.

#### Age

The age classification is based on the age of the person in complete years as of April 1, 2010. The age of the person usually was derived from their date of birth information. Their reported age was used only when date of birth information was unavailable.

#### Gender

The data on gender were derived from answers to a question that was asked of all people. Individuals were asked to mark either "male" or "female" to indicate their gender. For most cases in which gender was not reported, it was determined by the appropriate entry from the person's given (i.e., first) name and household relationship. Otherwise, gender was imputed according to the relationship to the householder and the age of the person.

#### Race

The concept of race as used by the Census Bureau reflects self-identification by people according to the race or races with which they most closely identify. The categories are sociopolitical constructs and should not be interpreted as being scientific or anthropological in nature. Furthermore, the race categories include both racial and national-origin groups.

**Please note:** In the past, our population by race/ethnicity data has always excluded the Hispanic ethnicity from each race category. Starting in January 2013, each race category now includes all ethnicities.

## III. Economic Profile

### Overview

The Economic Profile of Sussex County consists primarily of data produced by the Virginia Employment Commission, U.S. Census Bureau, and the Bureau of Labor Statistics.

### Related Terms and Definitions

#### **Average Weekly Wage**

Computed as average quarterly wages divided by 13.

#### **Consumer Price Index (CPI)**

The Consumer Price Index measures the average change over time in the prices paid by urban consumers for a representative market basket of consumer goods and services.

#### **Local Employment Dynamics (LED)**

The Local Employment Dynamics Program at the Census Bureau, together with its state partners, provides employment information at the county, city, and Workforce Investment Area level. This information tracks workers in different industries by age and gender and provides statistics on job creation, separation, turnover, and wages.

#### **Quarterly Census of Employment & Wages (QCEW)**

A federal/state cooperative program that collects and compiles employment and wage data for workers covered by state unemployment insurance (UI) laws and the federal civilian workers covered by Unemployment Compensation for Federal Employees (UCFE). These data are maintained at the state in micro and macro levels and also sent to BLS quarterly.

#### **Unemployment Insurance (UI)**

Unemployment insurance is a program for the accumulation of funds paid by employers to be used for the payment of unemployment insurance to workers during periods of unemployment which are beyond the workers' control. Unemployment insurance replaces a part of the worker's wage loss if he becomes eligible for payments.

#### **Unemployment Rate**

The number of unemployed people as a percentage of the labor force.
